Project Panels: Destination DIY

Life isn't one-dimensional. With Dimensions Project Panels, the possibilities for living in 3D are endless. Experience the satisfaction of building your own indoor and outdoor projects, exploring new hobbies and getting crafty.

Dimensions Project Panels come in a variety of sizes and shapes—including round—and are available in plywood, hardwood plywood, MDF, chalkboard, dry erase, corkboard and pegboard.

Use panels for hobby building, repair projects, arts and crafts, decorative accents and more.

PROJECT PLYWOOD

These durable panels are perfect for a wide variety of indoor and outdoor applications. For outdoor projects built to last, choose pressure-treated panels that resist rot, decay and insects. Whether you're a contractor or a DIYer, your projects will come together easier—and last longer—when built with Dimensions Project Panels.

- Floor underlayment and wall sheathing
- Garage and basement work surfaces
- Outdoor projects
- Home repairs and utility projects
- Furniture and home décor
- Crafts and hobbies

HARDWOOD PLYWOOD

The beauty of hardwood plywood makes them ideal for interior and weather-protected projects. Finish with the paint or stain of your choice for stunning results. Easy-to-work-with hardwood panels are the practical, DIY-way to bring warmth and beauty to your home.

- Furniture
- Shelving
- Attractive storage solutions

HOME ACCENTS

Light, strong, easy-to-handle project panels—available in a range of sizes, shapes and varieties—are perfect for building decorative home accents.

- Add a fun, handy chalkboard or dry erase board to kitchens, mudrooms, laundry rooms, children's bedrooms, playrooms and beyond. Convenient for commercial, retail, restaurants, classrooms and office use too.
- Add cute corkboards and pegboards for organization-with-style throughout your home. Easy and fun to customize to match any décor.
- All-new round project panels make crafts requiring perfectly round edges easier and more fun. Build clocks, stool tops, tabletops, furniture, games, wall art, memo boards and much more.
